(1) Net operating income, operating margin, net membership fee income, earnings before other items and income taxes, cash flow from operations and basic and diluted cash flow from operations per share are not recognized measures under International Financial Reporting Standards (IFRS). Management believes that these measures are useful supplemental information. Investors should be cautioned, however, that these measures should not be construed as an alternative to net earnings determined in accordance with IFRS as an indicator of the Company's performance or to cash flows from operating, investing and financing activities, as a measure of liquidity and cash flows. ClubLink's method of calculating these measures is consistent from year to year, but may be different than those used by other companies (see "Management's Discussion and Analysis of Financial Condition and Results of Operations").

(2) Excluding academy courses

(3) 18-hole equivalent championship golf courses owned during the period ended June 30.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This management's discussion and analysis of financial condition and results of operations ("MD&A") should be read in conjunction with ClubLink Enterprises Limited's ("ClubLink" or "the Company") unaudited interim condensed consolidated financial statements and accompanying notes for the six month period ended June 30, 2011. This MD&A has been prepared as at August 10, 2011 and all amounts are in Canadian dollars unless otherwise indicated. In this document, unless otherwise indicated, all financial data are prepared in accordance with International Financial Reporting Standards ("IFRS").

This quarterly MD&A updates the Company's most recently issued annual MD&A, prepared under Canadian GAAP dated March 1, 2011.

Forward Looking Statements

This quarterly report contains certain forward-looking information and statements relating but not limited to, operations, anticipated or prospective financial performance, results of operations, business prospects and strategies of ClubLink. Forward-looking information typically contains statements with words such as "consider", "anticipate", "believe", "expect", "plan", "intend", "may", "likely", or similar words suggesting future outcomes or statements regarding an outlook, or other expectations, beliefs, plans, objectives, assumptions, intentions or statements about future events or performance. Readers should be aware that these statements are subject to known and unknown risks, uncertainties and other factors that could cause actual results, performance or achievements of ClubLink to differ materially from those suggested by the forward-looking statements, some of which may be beyond the control of management.

Although ClubLink believes it has a reasonable basis for making the forecasts or projections included in this MD&A, readers are cautioned not to place undue reliance on such forward-looking information. By its nature, ClubLink's forward-looking information involves numerous assumptions, inherent risks and uncertainties, both general and specific, that contribute to the possibility that the predictions, forecasts and other forward-looking statements will not occur. These factors include, but are not limited to, availability of credit, weather conditions, the economic environment, environmental regulation and competition.

The above list of important factors affecting forward-looking information is not exhaustive, and reference should be made to the other risks discussed in ClubLink's filings with Canadian securities regulatory authorities. ClubLink undertakes no obligation, except as required by law, to update publicly or otherwise any forward-looking information, whether as a result of new information, future events or otherwise, or the above list of factors affecting this information.

Business Strategy and Corporate Overview

The Company has a strategic objective to maximize shareholder value over a five to ten year horizon, though the Company may monetize an investment when business conditions present a suitable opportunity.

Subsequent to the initial investment made in 2001, the Company acquired 100% ownership and privatized ClubLink Corporation on July 28, 2009. The privatization of ClubLink Corporation has provided a stable environment to allow for continued growth and enhanced profitability from golf club and resort operations.

Management has been actively looking at acquisition opportunities in Southern Florida. The Company made two acquisitions late in 2010 and one in the second quarter of 2011. The first acquisition involved a portfolio of six 18-hole equivalent championship and two 18-hole academy golf courses in Sun City Center, Florida. The second investment was the purchase of Heron Bay Golf Club in the Fort Lauderdale area. These investments created ClubLink's first region outside of Ontario and Quebec. On April 21, 2011, ClubLink acquired Woodlands County Club, a 36-hole golf club near Fort Lauderdale.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Business Strategy and Corporate Overview (cont'd)

ClubLink's continued investment in programs to build the core operating business at White Pass & Yukon Route ("White Pass") has historically been the Company's key to profitability. As a standalone entity, White Pass has an experienced on-site management team and has been able to generate growth in the passenger traffic and corresponding U.S. dollar revenue since acquisition in 1997. Significant initiatives in this business segment have included capitalizing on historical relationships with the cruise lines, supporting investments to create one of the leading port facilities in southeast Alaska, an investment to repower our locomotive fleet to reduce both environmental emissions and ongoing operating costs and continuing to offer Alaska's premier shore excursion experience to the traveling public.

Overview of Business Segments

ClubLink operates in two distinct business segments: (a) golf club and resort operations and (b) rail, tourism and port operations. In addition, the corporate operations segment oversees the two business segments.

The quarterly earnings performance of the Company reflects the highly seasonal nature of both business segments. The majority of operating revenue and net operating income from these businesses occur during the second and third quarters of the year. Accordingly, the quarterly reported net earnings of the Company will fluctuate with those of the underlying business segments. This seasonality will be mitigated somewhat by ClubLink's recent expansion into the Florida marketplace, as the primary golf season in Florida is from November to April.

Golf Club and Resort Operations Segment

ClubLink is engaged in golf club and resort operations under the trademark "ClubLink One Membership More Golf". ClubLink is Canada's largest owner and operator of golf clubs with 50.5, 18-hole equivalent championship and six 18-hole equivalent academy courses, at 42 locations primarily in two separate Regions: (a) Ontario/Quebec and (b) Florida.

ClubLink's golf clubs are strategically organized in clusters that are located in densely populated metropolitan areas and resort destinations frequented by those who live and work in these areas. By operating in Regions, ClubLink is able to offer golfers a wide variety of unique membership, corporate event and resort opportunities. ClubLink is also able to obtain the benefit of operating synergies to maximize revenue and achieve economies of scale to reduce costs.

Revenue at all golf club and resort properties is enhanced by cross-marketing, as the demographics of target markets for each are substantially similar. Revenue is further improved by corporate golf events, business meetings and social events that utilize golf capacity and related facilities at times that are not in high demand by ClubLink's members.

Member and Hybrid Golf Club revenue is maximized by the sale of flexible personal and corporate memberships that offer reciprocal playing privileges at ClubLink golf clubs and, on payment of an additional fee, inter-regional play within ClubLink and ClubCorp of America golf clubs. Daily fee golf club revenue is maximized through unique and innovative marketing programs. Resort revenue is maximized by the integration of high quality golf facilities, which are recognized throughout the leisure industry as the key amenity for successfully attracting corporate groups and leisure guests.

(a) Ontario/Quebec

ClubLink's Ontario/Quebec Region is organized into two clusters: the major metropolitan areas of Southern Ontario and Muskoka, Ontario's premier resort area, extending from London to Huntsville to Pickering, with a particularly strong presence in the Greater Toronto Area; and Quebec/Eastern Ontario, extending from the National Capital Region to Montreal, including Mont-Tremblant, Quebec's premier resort area.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview of Business Segments (cont'd)

Golf Club and Resort Operations Segment (cont'd)

(a) Ontario/Quebec (cont'd)

In 2011, ClubLink will operate 29 Ontario/Quebec Region Member Golf Clubs in three categories as follows:

Prestige:	Greystone, King Valley, RattleSnake Point
Platinum:	DiamondBack, Eagle Creek, Emerald Hills, Fontainebleau, Glencairn, Grandview, Heron Point, Islesmere, Kanata, King's Riding, Lake Joseph, Le Maitre, Rocky Crest, Wyndance
Gold:	Blue Springs, Caledon Woods, Cherry Downs, Country Club, Eagle Ridge, Glendale, Greenhills, GreyHawk, Hautes Plaines, National Pines, Station Creek, Val des Lacs

In June 2011, ClubLink announced that Blue Springs Golf Club is being converted into a Platinum Member Golf Club for the 2012 operating season.

On December 15, 2010, ClubLink acquired Glendale Golf and Country Club in Hamilton, Ontario. Glendale is the 23rd golf club in the Greater Toronto Area. It was founded in 1919 and was one of the first private golf clubs in the Hamilton area. Glendale will operate as a Gold Member Golf Club. ClubLink has committed to \$1,500,000 in capital upgrades over three years for cart paths, bunkers, a practice facility and clubhouse improvements.

In 2011, ClubLink will operate four Ontario/Quebec Region Hybrid Golf Clubs in three categories as follows:

Hybrid – Prestige:	Glen Abbey
Hybrid – Gold:	The Club at Bond Head
Hybrid – Silver:	Bethesda Grange, Highland Gate

Hybrid Golf Clubs are available for daily fee (public) play, reciprocal access by Members and provide a home club for Members with reciprocal access to the ClubLink system.

On June 10, 2010, ClubLink announced the conversion of the 18-hole Championship daily fee golf course at Rolling Hills into a Hybrid – Silver Golf Club named Bethesda Grange. Golf course upgrades which commenced in 2010, as part of this conversion, are expected to be completed by the end of 2011.

In 2011, ClubLink will operate two Ontario/Quebec Region Daily Fee Golf Clubs as follows:

Daily Fee:	Grandview Inn, Rolling Hills
------------	------------------------------

ClubLink owns sufficient land to develop an additional 18 holes at Cherry Downs Golf Club in Pickering, Grandview Golf Club in Muskoka and Rocky Crest Golf Club in Muskoka and sufficient land in the Greater Montreal Area to develop a 36-hole golf club.

In 2011, ClubLink will operate The Lake Joseph Club while Delta Hotels and Resort ("Delta") will manage Delta Grandview Resort, Delta Rocky Crest Resort and Delta Sherwood Inn on ClubLink's behalf.

The Lake Joseph Club and Delta Rocky Crest Resort operate seasonally from May to October. Delta Sherwood Inn has undergone renovations after the resort was damaged by a fire and closed in September 2009 and was reopened in June 2010. Delta Grandview Resort operates year round. Delta's responsibilities include management of rooms, recreation programs and food and beverage outlets. This includes the management of food and beverage operations at Rocky Crest and Grandview Golf Clubs, while ClubLink remains responsible for management of the golf operations at these properties.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview of Business Segments (cont'd)

Golf Club and Resort Operations Segment (cont'd)

(a) Ontario/Quebec (cont'd)

Delta's sales and marketing efforts for ClubLink's Muskoka Resorts are focused on increasing corporate clientele through direct mail programs, telemarketing campaigns, e-commerce promotions and cross promotions to all ClubLink, ClubCorp, Toronto Board of Trade and Delta Privilege Members.

ClubLink's remaining Muskoka land holdings, excluding golf course development sites, include zoned and serviced land that are capable of supporting a substantial number of resort rooms/villas, conference facilities and residential homes.

(b) United States

ClubLink's golf clubs in the United States consist of the Florida Region and Lake Chesdin Golf Club, located near Richmond, Virginia. The Florida Region includes eight 18-hole equivalent championship and two 18-hole equivalent academy golf courses.

On September 3, 2010, ClubLink acquired eight 18-hole golf courses in Sun City Center, Florida for US \$8,700,000. The operating championship golf courses are Club Renaissance (18 holes), Sandpiper Golf Course (27 holes), Scepter Golf Club (18 holes), and Falcon Watch Golf Club (27 holes). Two 18-hole academy courses are also included: Kings Point Golf Club and Caloosa Greens Golf Club. North Lakes Golf Club, which was closed in 2009 and remains closed, is also part of the portfolio, as is an undeveloped two-acre parcel of commercially zoned land. The golf courses, approximately 50 kilometres (30 miles) south of Tampa, range from a full-service country club to academy courses.

On October 21, 2010, ClubLink acquired Heron Bay Golf Club in Coral Springs, Florida, approximately 35 kilometres (20 miles) from downtown Fort Lauderdale, for US \$2,900,000. From 1997 to 2002, Heron Bay hosted the PGA Tour's Honda Classic, crowning champions Stuart Appleby, Mark Calcavecchia, Vijay Singh, Dudley Hart, Jesper Parnevik and Matt Kuchar.

On April 21, 2011, ClubLink acquired Woodlands Country Club in Tamarac, Florida for US \$5,096,000. Woodlands Country Club, approximately 20 kilometres (12 miles) northwest of downtown Fort Lauderdale, was founded in 1969. The full service country club features a striking and recently renovated clubhouse overlooking two 18-hole championship golf courses designed by Robert Van Hagge and Bruce Devlin, a practice facility, swimming pool and tennis courts.

These investments created ClubLink's first region outside of Ontario and Quebec.

For the 2011 operating season, ClubLink will operate eight Florida Region Golf Clubs in five categories as follows:

Hybrid - Platinum:	Club Renaissance, Heron Bay
Gold:	Scepter
Hybrid – Gold:	Woodlands
Silver:	Falcon Watch, Sandpiper
Academy:	Caloosa Greens, Kings Point

(c) TravelLink

The TravelLink program offers three levels that allow ClubLink members inter-regional access. The first level provides all ClubLink members inter-regional access with preferred pricing. Levels 2 and 3 are optional and provide ClubLink members greater inter-regional access for fixed annual fees.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview of Business Segments (cont'd)

Rail, Tourism and Port Operations Segment

ClubLink is also engaged in rail, tourism and port operations based in Skagway, Alaska which operate under the trade name of "White Pass & Yukon Route". This includes a tourist railway stretching approximately 177 kilometres (110 miles) from Skagway, Alaska through British Columbia to Whitehorse, Yukon. Presently, approximately 110 kilometres (67.5 miles) of the railway is in active service.

The railway was constructed by White Pass during the Klondike Gold Rush of 1898/1899 and completed in 1900. From 1900 until 1982, it was used for the carriage of general freight, ore concentrates, petroleum products and passengers. Railway operations were suspended in 1982 when a major ore concentrate customer shut down its mine. The South Klondike Highway between Whitehorse and Skagway, subsequently constructed in 1985, transferred the transportation of ore concentrates from rail to road service. The railway reopened in 1988 and has since been operating as a seasonal passenger tourism railway. ClubLink acquired White Pass in 1997.

White Pass operates three docks in Skagway, which provide four berths for cruise ships operating west coast schedules throughout the May to September tourist season. The largest of the three docks, with two berths, is owned while the two remaining docks are situated on state and city property and operate under long-term tideland leases.

The primary market is the cruise industry, which recognizes Skagway as a marquee port for its Alaskan cruises. White Pass maintains a symbiotic relationship with the cruise lines – carrying almost half of all cruise passengers – making it Alaska's premier shore excursion and a high volume, highly rated and profitable shore excursion for the cruise lines. The relationship is supported with an existing incentive program and extensive cooperative pre-cruise and on-board promotion. White Pass also markets to motorcoach tour companies and independent travelers who arrive via ferry and the South Klondike Highway.

Corporate Operations Segment

ClubLink's objective at the corporate level is to identify opportunities to generate incremental returns and cash flow. Historically, the nature of these investments included debt and equity instruments in both public and private organizations. Currently, management is focused on improving the returns of both operating business segments.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Selected Financial Information

The table below sets forth selected financial data relating to the Company's periods ended June 30, 2011 and June 30, 2010. This financial data is derived from the Company's unaudited Consolidated Financial Statements, which are prepared in accordance with IFRS.

(thousands of Canadian dollars, except per share amounts)	FOR THE 3 MONTHS ENDED			FOR THE 6 MONTHS ENDED

Summary of Canadian/U.S. Exchange Rates Used for Translation Purposes

The following exchange rates translate one U.S. dollar into the Canadian dollar equivalent.

	June 30, 2011	December 31, 2010	June 30, 2010
Balance Sheet	0.9645	0.9946	1.0646
Statement of Earnings - First Quarter	0.9860	N/A	1.0409
Statement of Earnings - Second Quarter	0.9677	N/A	1.0276

Second Quarter 2011 Consolidated Operating Highlights

Consolidated operating revenue increased 6.9% to \$61,285,000 for the three month period ending June 30, 2011 from \$57,321,000 in 2010, primarily due to operating revenue from the Florida golf courses and Glendale which have been acquired since June 30, 2010.

Operating costs increased 11.7% to \$40,462,000 for the three month period ending June 30, 2011 from \$36,230,000 in 2010, primarily due to operating costs from the Florida golf courses and Glendale which have been acquired since June 30, 2010.

Net operating income decreased 9.7% to \$13,179,000 for the three month period ending June 30, 2011 from \$14,592,000 in 2010 primarily due to the second quarter being the off-season for the Florida golf courses, resulting in an operating loss for these operations. A stronger Canadian dollar in 2011 as compared to 2010 has also resulted in a decline in the Canadian dollar equivalent of the rail, tourism and port net operating income.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Second Quarter 2011 Consolidated Operating Highlights (cont'd)

Net membership fee income increased 3.3% to \$3,395,000 for the three month period ending June 30, 2011 from \$3,287,000 in 2010.

Consolidated EBITDA decreased 7.3% to \$16,574,000 for the three month period ending June 30, 2011 from \$17,879,000 in 2010 primarily due to the decline in net operating income.

Interest, net decreased 4.8% to \$5,229,000 for the three month period ending June 30, 2011 from \$5,491,000 in 2010 primarily due to a 4.1% decrease in borrowings and other financial liabilities from June 30, 2010.

Other income was \$1,906,000 for the three month period ending June 30, 2011 compared to an expense of \$838,000 for 2010 primarily due to the recognition of \$1,606,000 in prior year property tax refunds for Ontario golf clubs during the second quarter of 2011.

Net earnings increased to \$4,193,000 for the three month period ending June 30, 2011 from \$2,581,000 in 2010 primarily due to the \$1,606,000 recognized in prior year property tax refunds for Ontario golf clubs.

Earnings per share increased 50.0% to \$0.15 per share for the three month period ending June 30, 2011 from \$0.10 per share in 2010 primarily due to the recognition of \$1,606,000 in prior year property tax refunds for Ontario golf clubs.

Results of Operations by Business Segment

The review of operations by business segment should be read in conjunction with the segmented information contained in note 17 of the unaudited consolidated financial statements for the period ended June 30, 2011.

The following is a summary of the results of operations:

(thousands of Canadian dollars)	For the 6 Months Ended		% Change
	June 30, 2011	June 30, 2010	
Operating revenue by segment			
Golf club and resort operations	\$ 68,537	\$ 59,697	14.8%
Rail, tourism and port operations	12,942	13,792	-6.2%
	\$ 81,479	\$ 73,489	10.9%
Net operating income by segment			
Golf club and resort operations	\$ 11,099	\$ 11,277	-1.6%
Rail, tourism and port operations	5,134	5,586	-8.1%

	14,884	15,699	-5.2%
Net membership fee income			
Golf club and resort operations	6,992	6,796	2.9%
Earnings before other items and income taxes	\$ 21,876	\$ 22,495	-2.8%

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Review of Golf Club and Resort Operations for the 6 Months Ended June 30, 2011

On September 3, 2010 ClubLink acquired eight 18-hole golf courses in Sun City Center, Florida for US \$8,700,000. The operating championship golf courses are Club Renaissance (18 holes), Sandpiper Golf Course (27 holes), Scepter Golf Club (18 holes), and Falcon Watch Golf Club (27 holes). Two 18-hole academy courses are also included: Kings Point Golf Club and Caloosa Greens Golf Club. North Lakes Golf Club, which was closed in 2009 and remains closed, is also part of the portfolio, as is an undeveloped two-acre parcel of commercially zoned land. The courses, approximately 50 kilometres (30 miles) south of Tampa, range from a full-service country club to academy courses.

On October 21, 2010 ClubLink acquired Heron Bay Golf Club in Coral Springs, Florida, approximately 35 kilometres (20 miles) from Fort Lauderdale, for US \$2,900,000. From 1997 to 2002, it hosted the PGA Tour's Honda Classic, crowning champions Stuart Appleby, Mark Calcavecchia, Vijay Singh, Dudley Hart, Jesper Parnevik and Matt Kuchar.

On April 21, 2011, ClubLink acquired Woodlands Country Club in Tamarac, Florida for US \$5,096,000. Woodlands Country Club, approximately 20 kilometres (12 miles) northwest of downtown Fort Lauderdale, was founded in 1969. The full service country club features a striking and recently renovated clubhouse overlooking two 18-hole golf courses designed by Robert Van Hagge and Bruce Devlin, a practice facility, swimming pool and tennis courts.

The Sun City, Heron Bay and Woodlands investments created ClubLink's first region outside of Ontario and Quebec.

On December 15, 2010, ClubLink acquired Glendale Golf and Country Club in Hamilton, Ontario. Glendale is the 23rd golf club in the Greater Toronto Area. It was founded in 1919 and was one of the first private golf clubs in the Hamilton area. Glendale will operate as a Gold Member Golf Club. ClubLink has committed to \$1,500,000 in capital upgrades over 3 years for cart paths, bunkers and clubhouse improvements.

Summary of Golf Club and Resort Operations

(thousands of Canadian dollars)	For the 6 Months Ended		% Change
	June 30, 2011	June 30, 2010	
Operating revenue	\$ 68,537	\$ 59,697	14.8%
Cost of sales	7,996	6,375	25.4%
Operating costs	49,442	42,045	17.6%
Net operating income	11,099	11,277	-1.6%
Amortization of membership fees	7,832	7,523	4.1%
Direct costs of originating membership fees	840	727	15.5%
Net membership fee income	6,992	6,796	2.9%
EBITDA	\$ 18,091	\$ 18,073	0.1%

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS**

Review of Golf Club and Resort Operations for the 6 Months Ended June 30, 2011 (cont'd)

Golf Club and Resort Operating Revenue

Golf club and resort operating revenue is recorded as follows:

(thousands of Canadian dollars)	For the 6 Months Ended		% Change
	June 30, 2011	June 30, 2010	
Annual dues	\$ 33,314	\$ 29,281	13.8%
Corporate events, guest fees and cart rentals	13,921	12,355	12.7%
Food and beverage	16,077	13,385	20.1%
Resort rooms	742	684	8.5%
Merchandise	3,696	3,142	17.6%
Other	787	850	-7.4%
Total operating revenue	\$ 68,537	\$ 59,697	14.8%

Canadian championship golf rounds decreased 3.4% to 373,000 championship rounds from 386,000 championship rounds in 2010. U.S. championship golf rounds increased to 107,000 from 5,000 in 2010 due to the Florida golf courses which have been acquired since June 30, 2010.

The increases in all major golf revenue categories are due to the Florida golf courses and Glendale which have been acquired since June 30, 2010.

Golf Club and Resort Operating Costs

Golf club and resort operating costs are recorded as follows:

(thousands of Canadian dollars)	For the 6 Months Ended		% Change
	June 30, 2011	June 30, 2010	
Labour	\$ 26,444	\$ 22,439	17.8%
Direct operating costs	11,492	9,193	25.0%
Insurance	1,321	741	78.3%
Utilities	4,088	3,221	26.9%
Property taxes	2,372	2,624	-9.6%
Sales and marketing	1,241	1,033	20.1%
Administration and provincial capital taxes	2,484	2,794	-11.1%
Total operating costs	\$ 49,442	\$ 42,045	17.6%

The decrease in property taxes is primarily due to lower property taxes for the Ontario golf clubs, resulting from the settlement with the Municipal Property Assessment Corporation.

The decrease in administration and provincial capital taxes is due to the elimination of provincial capital taxes in Ontario and Quebec and the transfer of certain head office costs to the corporate operations segment.

The increases in most cost categories are due to the Florida golf courses and Glendale which have been acquired since June 30, 2010.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Review of Golf Club and Resort Operations for the 6 Months Ended June 30, 2011 (cont'd)

Membership Fees

Total golf members increased 11.8% to 19,092 on June 30, 2011 from 17,078 on June 30, 2010 primarily due to the acquisition of 1,853 Florida golf members since June 30, 2010. New membership sales during the six months ended June 30, 2011 decreased to \$5,341,000 (709 members) from \$5,504,000 (692 members) during the six months ended June 30, 2010. Transfer and upgrade fees during 2011 increased to \$1,503,000 from \$934,000 in 2010. Resignations and terminations decreased to \$2,721,000 (875 members or 4.6% of golf members at December 31, 2010) from \$2,795,000 (663 members or 3.9% of golf members at December 31, 2009) in 2010. Membership fee instalments received in cash decreased 20.8% to \$4,785,000 from \$6,043,000 in 2010.

Membership fees are amortized over the estimated weighted average remaining life of memberships purchased each year. This is determined by subtracting the average age of Canadian members that joined in that year from 70 (United States - 80) and dividing the result by 2. The amortization period is reviewed annually and any adjustments are made prospectively. Membership fee revenue recognized for the six months ended June 30, 2011 increased to \$7,832,000 from \$7,523,000 in 2010 due to the increase in members since June 30, 2010.

Direct costs of originating membership fees increased 15.5% to \$840,000 for the six month period ending June 30, 2011 from \$727,000 in 2010, primarily due to the Glendale membership marketing campaign.

Review of Rail, Tourism and Port Operations for the 6 Months Ended June 30, 2011

The following is a summary of the rail, tourism and port operations:

(thousands of dollars)	For the 6 Months Ended		% Change
	June 30, 2011	June 30, 2010	
Operating revenue	\$ 13,289	\$ 13,419	-1.0%
Cost of sales	267	306	-12.7%
Operating costs	7,748	7,653	1.2%
Net operating income (US dollars)	5,274	5,460	-3.4%
Exchange	(140)	126	N/A
Net operating income (Cdn dollars)	\$ 5,134	\$ 5,586	-8.1%

Rail, tourism and port operating revenue is recorded as follows:

(thousands of dollars)	For the 6 Months Ended		% Change
	June 30, 2011	June 30, 2010	
Railroad	\$ 9,872	\$ 9,830	0.4%
Port	2,588	2,724	-5.0%
Merchandise	679	759	-10.5%
Other	150	106	41.5%
Subtotal (US dollars)	13,289	13,419	-1.0%
Exchange	(347)	373	N/A
Total (Cdn dollars)	\$ 12,942	\$ 13,792	-6.2%

The number of rail passengers has decreased 0.7% to 138,000 in 2011 as compared to 139,000 in 2010.

The number of port passengers has decreased 3.8% to 251,000 in 2011 as compared to 261,000 in 2010.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Review of Rail, Tourism and Port Operations for the 6 Months Ended June 30, 2011 (cont'd)

Rail, tourism and port operating costs are recorded as follows:

(thousands of dollars)	For the 6 Months Ended		% Change
	June 30, 2011	June 30, 2010	
Rail shop and train maintenance	\$ 2,903	\$ 2,565	13.2%
Maintenance of way	896	922	-2.8%
Passenger operations	659	625	5.4%
Marketing	193	254	-24.0%
Property taxes	310	293	5.8%
Administration	1,344	1,471	-8.6%
Insurance	839	820	2.3%
Other	604	703	-14.1%
Subtotal (US dollars)	7,748	7,653	1.2%
Exchange	(200)	239	N/A
Total (Cdn dollars)	\$ 7,548	\$ 7,892	-4.4%

The increase in rail shop and train maintenance is due to the significant increase in diesel and oil costs from 2010.

Review of Corporate Operations for the 6 Months Ended June 30, 2011

For the 6 months ended June 30, 2011, the corporate operations segment incurred costs of \$1,349,000 as compared to \$1,164,000 in 2010. This increase is primarily due to the transfer of certain head office costs to this segment from the golf club and resort operations segment.

Financial Condition

Assets

Consolidated assets at June 30, 2011 increased 3.8% to \$677,771,000 from \$653,247,000 at December 31, 2010. This increase is primarily due to increases in working capital accounts resulting from the 2011 golf operating season.

Liabilities

Consolidated liabilities at June 30, 2011 increased 6.4% to \$502,614,000 from \$472,536,000 at December 31, 2010. This increase is primarily due to increases in working capital accounts resulting from the 2011 golf operating season.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS**

Financial Condition (cont'd)

Shareholders' Equity

Consolidated shareholders' equity at June 30, 2011 totaled \$175,157,000 or \$6.30 per share, compared to \$180,711,000 or \$6.48 per share at December 31, 2010 and \$176,961,000 or \$6.34 per share at June 30, 2010. The number of common shares outstanding decreased to 27,806,748 shares as at June 30, 2011 due primarily to the repurchase and cancellation of shares under the Company's issuer bid. As at December 31, 2010, the total number of shares outstanding was 27,902,618.

The following is a summary of the common share activity:

(number of shares)	For the 6 Months Ended	
	June 30, 2011	June 30, 2010
Balance, beginning of period	27,902,618	28,057,479
Shares issued pursuant to dividend reinvestment plan	1,730	2,054
Exercise of stock options	62,500	-
Shares purchased and cancelled through normal course issuer bid program	(160,100)	(47,100)
Shares purchased and cancelled	-	(94,050)
Balance, end of period	27,806,748	27,918,383

During 2011, the Company continued with its dividend program and paid a quarterly payment of \$0.075 per share on March 31, 2011 and June 15, 2011.

The Company has recorded a negative adjustment to its accumulated other comprehensive loss account of \$1,661,000 due to a change in the Canadian/U.S. exchange rate to 0.9645 at June 30, 2011 from 0.9946 at December 31, 2010. This change has a corresponding impact on the assets and liabilities having a US functional currency.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Liquidity and Capital Resources

ClubLink's objective is to ensure that capital resources are readily available to meet obligations as they become due, to complete its approved capital expenditure program and to take advantage of attractive acquisitions as they arise. ClubLink's capital availability and demonstrated ability to execute transactions give it a competitive advantage in corporate development opportunities.

The analysis of ClubLink's liquidity is as follows:

(thousands of Canadian dollars)	As at June 30, 2011		As at December 31, 2010		As at June 30, 2010	
	Maximum	Available	Maximum	Available	Maximum	Available
Cash	\$ 3,058	\$ 3,058	\$ 1,447	\$ 1,447	\$ 10,533	\$ 10,533
Revolving secured debt (rail)	9,645	4,414	9,946	4,388	7,985	532
Revolving secured debt (corporate)	50,000	16,616	50,000	5,217	50,000	13,769
Related party debt facility (corporate)	30,000	30,000	30,000	30,000	30,000	30,000
	\$ 92,703	\$ 54,088	\$ 91,393	\$ 41,052	\$ 98,518	\$ 54,834

Funds will be used during 2011 for operating capital expenditures in both business segments, to fund development capital expenditures, primarily the locomotive repower program, to purchase additional securities pursuant to ClubLink's normal course issuer bid program and to pay debt obligations as they become due.

Liquidity risk arises from general funding needs and in the management of assets, liabilities and optimal capital structure. ClubLink manages liquidity risk to maintain sufficient liquid financial resources to meet its commitments and obligations in the most cost-effective manner possible.

Based on ClubLink's financial position at June 30, 2011, and projected future earnings, management expects to be able to fund its working capital requirements, and meet its other obligations including debt repayments.

Free cash flow from operating activities after operating capital expenditures on investment property and property, plant and equipment, principal amortization of non-revolving secured debt, finance lease obligations, net and dividends is calculated as follows:

(thousands of Canadian dollars)	For the 6 Months Ended	
	June 30, 2011	June 30, 2010
Cash flow from operations	\$ 9,071	\$ 7,534
Net change in working capital accounts	26,001	21,989
Cash provided by operating activities	35,072	29,523
Operating capital expenditures	(4,543)	(3,742)
Principal amortization of non-revolving secured debt	(6,020)	(5,602)
Principal amortization of term loan	(1,393)	(1,830)
Finance lease obligations, net	479	(121)
Free cash flow from operating activities before dividends	23,595	18,228
Common share dividends	(4,183)	(4,207)
Free cash flow from operating activities	\$ 19,412	\$ 14,021

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Liquidity and Capital Resources (cont'd)

The following is an analysis of the Company's net obligations and its characteristics on June 30, 2011 compared to December 31, 2010:

(thousands of Canadian dollars)	Average Interest Rate June 30, 2011	Average Interest Rate December 31, 2010	Total Obligations June 30, 2011	Total Obligations December 31, 2010	Average Term to Maturity June 30, (Yrs) 2011	Average Term to Maturity December 31, (Yrs) 2010
Revolving secured debt (rail)	2.34%	2.41%	\$ 5,231	\$ 5,558	1.00	0.50
Revolving secured debt (corporate)	2.72%	3.34%	31,620	42,942	1.92	1.42
Non-revolving secured debt	7.20%	7.20%	258,915	265,398	13.54	14.03
Term loan	3.19%	3.26%	33,621	36,090	9.17	9.67
Finance lease obligations	5.47%	5.92%	10,294	9,825	2.08	2.01
Total obligations	6.26%	6.24%	339,681	359,813		
Cash			(3,058)	(1,447)		
Net obligations			\$ 336,623	\$ 358,366		

ClubLink's consolidated debt obligations include secured debt, term loan, notes payable and finance lease obligations. The following table illustrates future maturities and amortization payments of consolidated debt obligations as at June 30, 2011:

(thousands of Canadian dollars)	Revolving Maturities	Non-revolving and Term Loan Amortization	Non-revolving and Term Loan Maturities	Total Finance Leases	Total Obligations
Balance of 2011	\$ -	\$ 7,602	\$ -	\$ 2,550	\$ 10,152
2012	5,231	15,890	547	3,179	24,847
2013	31,620	16,864	960	2,261	51,705
2014	-	17,911	520	1,067	19,498
2015	-	19,036	-	811	19,847
2016 and thereafter	-	204,680	8,526	426	213,632
	\$ 36,851	\$ 281,983	\$ 10,553	\$ 10,294	\$ 339,681

ClubLink expects to meet its remaining 2011 debt obligations by way of cash flow from operations, renewing facilities at maturity and using unutilized lines of credit if necessary.

ClubLink is committed to the following minimum land lease rent payments for the next five years and thereafter as follows:

(thousands of dollars)	Golf Club and Resort Operations (Cdn)	Rail, Tourism and Port Operations (US)
Balance of 2011	\$ 2,341	\$ 125
2012	4,760	218
2013	4,850	200
2014	4,943	192
2015	5,039	188
2016 and thereafter	63,155	2,943
	\$ 85,088	\$ 3,866

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Liquidity and Capital Resources (cont'd)

A summarized statement of cash flows is as follows:

(thousands of Canadian dollars)	For the 6 Months Ended	
	June 30, 2011	June 30, 2010
Cash flow from operations	\$ 9,071	\$ 7,534
Net change in working capital accounts	26,001	21,989
Cash provided by operating activities	35,072	29,523
Business combination	(4,037)	-
Cash used in investing activities	(5,965)	(5,502)
Revolving secured debt	(11,395)	13,967
Revolving unsecured debt from related party	-	(28,400)
Principal amortization of non-revolving secured debt	(6,020)	(5,602)
Principal amortization of term loan	(1,393)	(1,830)
Finance lease obligations	479	(121)
Dividends paid	(4,183)	(4,207)
Other	(947)	2,035
Net increase (decrease) in cash during the year	1,611	(137)
Cash, beginning of period	1,447	10,670
Cash, end of period	\$ 3,058	\$ 10,533

Operating Activities

Cash flow from operations improved to \$9,071,000 from \$7,534,000 in 2010 primarily due to the \$4,118,000 improvement in earnings before deferred income taxes, offset by a decline of \$1,258,000 in collection of membership fee instalments.

Cash provided by operating activities has increased to \$35,072,000 in 2011 from \$29,523,000 in 2010 primarily due to the improvement in earnings before deferred income taxes.

Investing Activities

Cash used in investing activities increased to \$10,002,000 from \$5,502,000 in 2010.

Property, plant and equipment expenditures are broken down as follows:

(thousands of Canadian dollars)	For the 3 Months Ended		For the 6 Months Ended	
	June 30, 2011	June 30, 2010	June 30, 2011	June 30, 2010
Golf club and resort operations	\$ 3,327	\$ 2,597	\$ 3,852	\$ 2,803
Rail, tourism and port operations	563	800	691	939
Operating expenditures on property, plant and equipment	3,890	3,397	4,543	3,742
Golf club and resort operations	112	300	236	406
Rail, tourism and port operations	614	171	927	1,589
Development expenditures on property, plant and equipment	726	471	1,163	1,995
Total capital expenditures on property, plant and equipment	\$ 4,616	\$ 3,868	\$ 5,706	\$ 5,737

The development capital expenditures for the rail, tourism and port operations represent the locomotive repower program. This involves the upgrade of various locomotives to enable them to be compliant with environmental regulations and allow greater operating cost efficiencies.

On April 21, 2011, ClubLink completed the acquisition of Woodlands Country Club in Tamarac, Florida for US \$5,096,000. Net of liabilities acquired this amounted to CDN \$4,037,000.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Financing Activities

Cash used in financing activities was \$23,405,000 for the six month period ending June 30, 2011 compared to \$24,219,000 in 2010.

The Company's \$50,000,000 secured revolving operating line of credit due June 8, 2012 was renewed to June 7, 2013. This facility has a two year term and provisions for annual one year extensions.

The rail, tourism and port operations US\$10,000,000 secured revolving operating line of credit with a U.S. financial institution has been renewed to July 1, 2012 and increased to US \$15,000,000.

The Company has been approved by the Toronto Stock Exchange for a normal course issuer bid to purchase up to 1,395,000 of its common shares which will expire on September 19, 2011. During the six month period ended June 30, 2011, the Company repurchased for cancellation 160,100 common shares for a total purchase price of \$1,110,000 or \$6.93 per common share, including commissions.

During the period, the Company continued with its dividend program, paying 7.5 cents per share on March 31, 2011 and June 15, 2011. Dividends paid during 2011 total \$4,183,000 (2010 - \$4,207,000).

Related Party Transactions

Refer to Note 16 in the unaudited interim consolidated financial statements for the quarter ending June 30, 2011 for a complete description of all related party transactions.

Summary of Financial Results by Quarter

The table below sets forth selected financial data for the most recent eight quarters ending June 30, 2011. The financial data is derived from the Company's unaudited interim financial statements as follows:

(thousands of Canadian dollars, except per share amounts)	2011		2010				2009	
	Jun. 30	Mar. 31	Dec. 31	Sep. 30	Jun. 30	Mar. 31	Dec. 31	Sep. 30
	(a)	(a)	(a)	(a)	(a)	(a)	(b)	(b)
Total assets	\$ 677,771	\$ 662,793	\$ 653,247	\$ 688,864	\$ 695,014	\$ 675,856	\$ 627,753	\$ 648,881

Eligible cash dividends per share	0.075	0.075	0.075	0.075	0.075	0.075	0.075	0.075

(a) Prepared under IFRS

(b) Prepared under Canadian GAAP

Seasonality

The quarterly earnings performance of the Company reflects the highly seasonal nature of both business segments. The majority of revenue and earnings from these businesses occur during the second and third quarters of the year. Accordingly, the quarterly reported net earnings of the Company will fluctuate with those of the underlying business segments. This seasonality has been mitigated by the Florida acquisitions in late 2010.

Risks and Uncertainties

Please refer to the Company's 2010 Annual Report for a complete review of the Company's Risks and Uncertainties.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

International Financial Reporting Standards

In 2005, the Accounting Standards Board of Canada announced that Canadian GAAP, as used by publicly accountable enterprises would be fully converged with accounting standards in International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board to be complete by January 1, 2011.

Key IFRS dates:

January 1, 2010 (transition date): An opening consolidated balance sheet as of January 1, 2010 according to IFRS has been prepared to facilitate the changeover to IFRS reporting in 2011. Previously, ClubLink reported its fiscal 2010 and comparative 2009 results according to Canadian GAAP.

January 1, 2011 (changeover date): The date after which ClubLink will prepare and report interim and annual 2011 financial statements with 2010 comparatives according to IFRS.

IFRS Conversion

The Company's IFRS conversion plan was comprehensive and addressed matters including changes in accounting policies, restatement of comparative periods, organizational and internal controls and any required changes to business processes. To facilitate this process and ensure the full impact of the version was understood and managed reasonably, the Company had consultations with its auditors and appointed an IFRS conversion project manager. The accounting staff attended several training courses on the adoption and implementation of IFRS. Through in-depth training, preparation of various technical papers and the preparation of reconciliations of historical Canadian GAAP financial statements to IFRS, the Company believes that its accounting personnel have obtained a thorough understanding of IFRS.

The Company has also reviewed its accounting system and current internal and disclosure control processes and believes they will not need significant modification as a result of our conversion to IFRS.

Impact of IFRS

IFRS employs a conceptual framework that is similar to Canadian GAAP; however significant differences exist in certain matters of recognition, measurement and disclosure. While the adoption of IFRS will not change the actual cash flows of the Company, the adoption will result in changes to the reported financial position and results of operations of the Company. In order to allow the users of financial statements to better understand these changes, we have provided the reconciliation between Canadian GAAP and IFRS for these financial statements in Note 2 to the interim consolidated financial statements. The adoption of IFRS has had no significant impact on the net cash flows of the Company.

In preparing the reconciliations, the Company applied the principles and elections of IFRS 1, with a transition date of January 1, 2010.

There can be no guarantee that the International Accounting Standards Board will not make further pronouncements, and that the Canadian Accounting Standards Board will also not adopt further pronouncements, before the consolidated financial statements as at December 31, 2011, are prepared. Consequently, there can be no guarantee that the standards used to prepare the financial statements for the period ended June 30, 2011 will not differ from those used to prepare the consolidated financial statements for the year ended December 31, 2011.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Initial Adoption of International Accounting Standards

IFRS 1 "First Time Adoption of International Accounting Standards" sets forth guidance for the initial adoption of IFRS. Under IFRS 1, the standards are applied retrospectively at the transitional date of the statement of financial position with all adjustments to assets and liabilities as stated under GAAP taken to retained earnings unless certain exemptions are applied.

Three primary exemptions were taken as part of the adoption of IFRS as follows:

- | | |
|---|---|
| (a) Business combinations | • The Company has elected not to apply IFRS to past business combinations |
| (b) Property, plant and equipment/
Investment property | • The Company has used fair value as deemed cost for the land, building, docks and investment property of the rail, tourism and port operations. All other components will be reported using historical cost. |
| (c) Cumulative translation account
(CTA) | • The Company has reset the current CTA balance to zero as at January 1, 2010 with the adjustment to retained earnings as per the election. |

Changes in Accounting Policies and Presentation

IFRS requires componentization for property, plant and equipment. Asset componentization involves breaking down an asset by identifying significant individual components and separately depreciating those individual components over their useful lives. ClubLink will have two additional depreciation categories due to componentization. The new depreciable asset classes identified by management are (i) golf course bunkers and (ii) thermal control for buildings. Under IFRS, golf course bunkers are depreciated over 20 years (previously included in land and not depreciated) and thermal control for buildings is being depreciated over 25 years (previously 40 years).

Under IFRS, the concept of an integrated or self-sustaining foreign operation does not exist as it does under Canadian GAAP. Under Canadian GAAP, ClubLink's United States golf club and resort operations are considered to be integrated foreign operations resulting in historical foreign exchange rates used to translate non-monetary assets and liabilities. Under IFRS, these operations were determined to be US dollar functional currency and will be translated using period-end exchange rates and any exchange gains or losses will be included with other comprehensive loss.

Comparative Information

The Company has restated all prior period figures in accordance with IFRS, except as noted.

Management's Report on Internal Control Over Financial Reporting

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting.

The Company's internal control over financial reporting includes those policies and procedures that: (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of ClubLink's assets; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with IFRS, and that our receipts and expenditures are being made only in accordance with authorization of our management and directors; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the financial statements.

There were no changes in internal control over financial reporting that occurred during the Company's most recent interim period that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Outlook

Golf Club and Resort Operations

On September 3, 2010, ClubLink announced that it had entered the Florida marketplace by purchasing eight 18-hole equivalent golf courses in Sun City Center, Florida. This acquisition was supplemented by the Heron Bay acquisition on October 21, 2010 and Woodlands on April 21, 2011, both properties near Fort Lauderdale. ClubLink is pursuing other opportunities in the Southern Florida marketplace to supplement its initial acquisitions.

ClubLink entered the Florida market for the following reasons:

- (a) The depressed golf market in Florida provides opportunities to implement ClubLink's model of Regional reciprocal play to enhance individual club performance.
- (b) Our member survey indicates Ontario and Quebec members through secondary home purchases and golf/sun vacation would be accretive to the Florida Region's performance.
- (c) Management believes that establishing a Florida Region will be perceived as an added value, enhancing demand for new membership sales in both the Ontario/Quebec and Florida Regions.

Rail, Tourism and Port Operations

A tentative 2012 ship calendar has been produced by the Alaskan Cruise Line Agency confirming that Princess Cruise Lines will bring an additional 40,000 passengers to Skagway next year, representing a 7% increase in passenger arrivals. At our present capture rate of 43%, this would translate into 17,200 additional rail passengers for 2012.

Corporate Operations

For 2011 and beyond, the Company believes it is well positioned to capitalize on its unique assets and their competitive strengths. The Company anticipates that opportunities will arise to add quality assets in this environment. With the strength of the existing brands, experienced management, and a focus on cost control, stable returns are expected. Both business segments are diligently controlling discretionary spending. Currency fluctuations may continue to impact reported results.

Additional Information

Additional information concerning the Company, as well as the Company's Annual Information Form is available on SEDAR (www.sedar.com) and the investor relations section of the Company's website (www.clublinkenterprises.ca).

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Management's Responsibility for Financial Reporting

The condensed consolidated financial statements and MD&A contained in this quarterly report are the responsibility of the Company's management. To fulfill this responsibility, the Company maintains a system of internal controls to ensure that its reporting practices and accounting and administrative procedures are appropriate and provide assurance that relevant and reliable financial information is produced. The condensed consolidated financial statements have been prepared in conformity with IFRS and, where appropriate, reflect estimates based on management's best judgment in the circumstances. The financial information presented throughout this quarterly report is consistent with the information contained in the condensed consolidated financial statements.

The condensed consolidated financial statements have been further examined by the Board of Directors and by its Audit Committee, which meets regularly with the auditors and management to review the activities of each. The Audit Committee, which is comprised of three independent directors who are not officers of the Company, reports to the Board of Directors.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

1. Nature of Operations

ClubLink Enterprises Limited (the "Company" or "ClubLink") was formed under the laws of Canada. The Company's executive office is located at 15675 Dufferin Street, King City, Ontario L7B 1K5. ClubLink is a publicly traded company on the Toronto Stock Exchange ("TSX") under the symbol "CLK".

ClubLink is engaged in golf club and resort operations under the trademark "ClubLink One Membership More Golf". ClubLink is Canada's largest owner and operator of golf clubs with 50 ½, 18-hole championship and six eighteen-hole academy courses at 42 locations, primarily in Ontario, Quebec and Florida.

ClubLink is also engaged in rail, tourism and port operations based in Skagway, Alaska which operates under the trade name White Pass & Yukon Route ("White Pass"). The railway stretches approximately 177 kilometres (110 miles) from Skagway, Alaska to Whitehorse, Yukon. In addition, White Pass operates three docks, primarily for cruise ships.

Both White Pass and the golf club and resort operations located in the United States have a functional currency in U.S. dollars which is translated into Canadian dollars for reporting purposes in these financial statements.

2. Transition to IFRS

(A) Introduction

In 2005, the Accounting Standards Board of Canada announced that Canadian generally accepted accounting principles ("Canadian GAAP"), as used by publicly accountable enterprises, would be fully converged with accounting standards in International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") to be complete by January 1, 2011.

The Company has adopted IFRS effective January 1, 2010 ("the transition date") and has prepared its opening IFRS balance sheet as at that date. Prior to the adoption of IFRS, the Company prepared its financial statements in accordance with Canadian GAAP. The Company's consolidated financial statements for the year ending December 31, 2011 will be the first annual audited financial statements that comply with IFRS. The Company will ultimately prepare its opening IFRS balance sheet by applying existing IFRS with an effective date of December 31, 2011 or prior. Accordingly, the opening IFRS balance sheet and the December 31, 2010 comparative balance sheet presented in the consolidated financial statements for the year ending December 31, 2011 may differ from those presented at this time.

While the adoption of IFRS is not expected to have an impact on ClubLink's reported net cash flows, it does have an impact on ClubLink's consolidated balance sheets and statements of earnings. The opening IFRS balance sheet reflects the revaluation of certain property, plant and equipment and investment property assets in the rail, tourism and port operations segment. Also, the opening IFRS balance sheet reflects the adjustment to accumulated depreciation as a result of componentization within property, plant and equipment. The impact of these differences can be found in the reconciliations included in this note.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

2. Transition to IFRS (cont'd)

(B) Mandatory exceptions

ClubLink is required to use the same accounting policies in its opening consolidated balance sheet as at January 1, 2010 and throughout all periods presented in its first IFRS financial statements for the annual reporting period ending December 31, 2011. Those accounting policies must comply with IFRS effective at December 31, 2011, unless there is a mandatory exception to retrospective application or an optional exemption from the requirements of IFRS.

In preparing its opening IFRS balance sheet as at January 1, 2010 and in its comparative balance sheet as at December 31, 2010, ClubLink is required to use the mandatory exception for estimates. Specifically, the estimates made under Canadian GAAP are required to be consistent with the estimates made under IFRS.

(C) Elected exemptions

In preparing these condensed consolidated financial statements, in accordance with IFRS 1, "First-time Adoption of International Financial Reporting Standards" ("IFRS 1"), the Company has applied certain of the optional exemptions from full retrospective application of IFRS. The optional exemptions applied are described below:

Exemption	Description and Decision
Business Combinations	<p>The Company may elect to either restate all past business combinations in accordance with IFRS or to apply an elective exemption from applying IFRS to past business combinations.</p> <p>The Company will use the IFRS 1 exemption in order to not apply IFRS to past business combinations.</p>
Revaluation or Fair Value as Deemed Cost for Property, Plant and Equipment and Investment Property	<p>The Company may elect to report property, plant and equipment in its transition date balance sheet at a deemed cost instead of the actual cost that would be determined under IFRS. The deemed cost of an item may be either its fair value at the date of transition to IFRS or an amount determined by a previous revaluation under Canadian GAAP. The exemption can be applied on an asset-by-asset basis.</p> <p>The Company will use fair value as deemed cost for the land, buildings, docks, and investment property of the rail, tourism and port operations.</p> <p>All other components of property, plant and equipment are reported using historical cost at the date of transition.</p>
Cumulative Translation Account ("CTA")	<p>On transition, cumulative translation gains or losses in accumulated other comprehensive loss can be reclassified to retained earnings at the Company's election. If not elected, all cumulative translation differences must be recalculated under IFRS from inception.</p> <p>The Company has reset the current CTA balance to zero as at January 1, 2010 with an adjustment to retained earnings as per the election.</p>
Share-Based Payment Transactions	<p>IFRS 1 does not require first-time adopters to apply the requirements of IFRS 2, "Share-based Payments" ("IFRS 2"), to equity instruments that were granted on or prior to November 7, 2002 or to equity instruments that were granted after November 7, 2002 and vested before the date of transition to IFRS.</p> <p>The Company has not applied IFRS 2 to stock options issued on or prior to November 7, 2002 nor to liabilities arising from share-based payment transactions that were settled prior to the date of transition to IFRS.</p>

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

2. Transition to IFRS (cont'd)

(C) Elected exemptions (cont'd)

Lease Arrangements	IFRS 1 permits first time adopters to determine whether an arrangement contains a lease on the basis of facts and circumstances existing at the transition date, rather than the date when the arrangement was entered into or amended. ClubLink has elected to apply this exemption and has assessed its agreements based on the facts and circumstances existing at transition date.
Borrowing Costs	This exemption allows an entity to adopt IAS 23 "Borrowing Costs" prospectively on qualifying assets for which the capitalization commencement date is after the transition date. The Company applied this exemption.

(D) Changes in accounting policies and presentation

The caption "capital assets" under Canadian GAAP has been split into two separate categories under IFRS called (a) property, plant and equipment and (b) investment property.

Property, plant and equipment ("PP&E") is defined to include tangible items that are held for use in the production or supply of goods and services or for administrative purposes and are expected to be used during more than one period. IFRS allows PP&E to be carried at depreciated cost or revalued cost. Canadian GAAP requires PP&E to be carried at depreciated cost. The Company will use depreciated cost under IFRS.

Investment property is defined to be property held by the owner to earn rental income, capital appreciation or both.

IFRS allows investment property to be accounted for using depreciated cost or fair value. Canadian GAAP requires investment property to be carried at depreciated cost. The Company will use depreciated cost under IFRS.

IFRS requires componentization for PP&E. Asset componentization involves breaking down an asset by identifying significant individual components and separately depreciating those individual components over their useful lives. ClubLink will have two additional depreciation categories due to componentization. The new depreciable asset classes identified by management are (i) golf course bunkers and (ii) thermal control for buildings. Under IFRS, golf course bunkers are depreciated over 20 years (previously included in land and not depreciated) and thermal control for buildings is being depreciated over 25 years (previously 40 years).

Under IFRS, the concept of an integrated or self-sustaining foreign operation does not exist as it does under Canadian GAAP. Under Canadian GAAP, ClubLink's golf club and resort operations located in the United States were considered to be integrated foreign operations resulting in historical foreign exchange rates used to translate non-monetary assets and liabilities. Under IFRS, these operations were determined to be US dollar functional currency and will be translated using period-end exchange rates and any exchange gains or losses will be included with other comprehensive income or loss.

Certain line items on the consolidated balance sheet have been reclassified for IFRS reporting.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

2. Transition to IFRS (cont'd)

(E) IFRS Standards Update

A number of new standards, amendments to standards and interpretations have been issued but are not yet effective for the financial year ending December 31, 2011, and accordingly, have not been applied in preparing these financial statements:

Financial Instruments – Disclosures

The International Accounting Standards Board (“IASB”) has issued an amendment to IFRS 7, Financial Instruments: Disclosures, requiring incremental disclosures regarding transfers of financial assets. This amendment is effective for annual periods beginning on or after July 1, 2011. The Company will apply the amendment at the beginning of its 2012 financial year and does not expect the implementation to have a significant impact on the Company’s disclosures.

Financial Instruments

The IASB has issued a new standard, IFRS 9, Financial Instruments, which will ultimately replace IAS 39, Financial Instruments: Recognition and Measurement.

The replacement of IAS 39 is a multi-phase project with the objective of improving and simplifying the reporting for financial instruments and the issuance of IFRS 9 is part of the first phase. This standard becomes effective on January 1, 2013. The Company has yet to assess the impact of the new standard on its results of operations, financial position and disclosures.

Consolidated Financial Statements

The IASB has issued a new standard, IFRS 10, Consolidated Financial Statements, which will replace IAS 27, Consolidated and Separate Financial Statements and SIC-12, Consolidation – Special Purpose Entities.

IFRS 10 builds on existing principles by identifying the concept of control as the determining factor in whether an entity should be included within the consolidated financial statements of the parent company. The standard provides additional guidance to assist in the determination of control where this is difficult to assess. This standard becomes effective on January 1, 2013. The Company will apply the standard at the beginning of its 2013 financial year and does not expect the implementation to have a significant impact on the Company’s disclosures.

Disclosure of Interests in Other Entities

The IASB has issued a new standard, IFRS 12, Disclosure of Interests in Other Entities on disclosure requirements for all forms of interests in other entities, including subsidiaries, joint arrangements, associates and unconsolidated structured entities. The standard is not applicable until January 1, 2013 but is available for early adoption. The Company will adopt the standard at the beginning of its 2013 financial year and does not expect the implementation to have a significant impact on the Company’s disclosures.

Fair Value Measurement

IFRS 13, Fair Value Measurement is a new standard that defines fair value, sets out in a single IFRS a framework for measuring fair value and requires disclosures about fair value measurements. IFRS 13 does not determine when an asset, a liability or an entity’s own equity instrument is measured at fair value. Rather, the measurement and disclosure requirements of IFRS 13 apply when another IFRS requires or permits the item to be measured at fair value (with limited exceptions). The standard is not applicable until January 1, 2013 but is available for early adoption.

2. Transition to IFRS (cont'd)

(F) Reconciliations (cont'd)

Changes to the cash flow statement

There were no material adjustments to the cash flow statement as a result of the conversion to IFRS.

3. Basis of Presentation

(A) Statement of compliance

These interim consolidated condensed financial statements were approved for issuance by the Board of Directors on August 10, 2011.

The interim consolidated condensed financial statements of ClubLink have been prepared in accordance with IAS 34, "Interim Financial Reporting" and by IFRS 1, "First-time Adoption of International Financial Accounting Standards". These interim consolidated condensed financial statements have been prepared in accordance with the accounting policies the Company expects to adopt in its December 31, 2011 financial statements. Those accounting policies are based on the IFRS standards and International Financial Reporting Interpretations Committee ("IFRIC") interpretations that the Company expects to be applicable at that time. These policies are disclosed in the footnotes to the Q2 2011 financial statements and have been consistently applied to all the periods presented.

The comparative figures for 2010 have been restated to reflect the IFRS standards. See Note 2 for reconciliations and descriptions of the effect of the transition from Canadian GAAP to IFRS on the balance sheets and statements of earnings, comprehensive earnings and equity.

These interim consolidated condensed financial statements were prepared on a going concern basis, under the historical cost model, as modified by the revaluation of certain property, plant and equipment and investment property assets at the date of transition as permitted under IFRS 1.

Certain information and disclosures normally required to be included in notes to annual financial statements have been condensed or omitted. The interim consolidated financial statements should be read in conjunction with the annual consolidated financial statements and the notes thereto for the year ended December 31, 2010.

(B) Functional and presentation currency

These interim consolidated financial statements are presented in Canadian dollars, which is also the Company's functional currency.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

3. Accounting Policies and Basis of Presentation (cont'd)

(C) Use of estimates

The preparation of financial statements that conform with IFRS requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results could differ substantially from management's estimates.

The most critical accounting estimate used by ClubLink is the weighted average remaining life of memberships sold by join year, which is used to recognize membership fee revenue. The membership fee revenue is amortized over the weighted average remaining life by year joined. These amortization periods should decline each year by one year as each group gets one year older, producing a relatively uniform revenue stream from membership fees over the average remaining life of memberships sold by join year. However, these average ages may not decline on a consistent basis if a disproportionate amount of older or younger members decide to resign at any particular time. This could result in a deferral or acceleration of membership fee revenue, the amount of which would be dependent on the variability of the change in average ages. To date there have been no significant variance in the average ages.

Amortizable intangible assets consist of amounts expended on below market rent terms, brand and membership base. These assets are amortized based on estimates of their useful lives.

Property, plant and equipment and investment property are depreciated over their useful lives on a straight-line basis. The Company assesses on an annual basis the useful life of these assets which are used in the calculation of depreciation expense. The useful lives assigned are disclosed in the list of accounting policies. Due to the relatively large proportion of these assets to total assets, the selection of the method of depreciation and length of depreciation period could have a material impact on depreciation expense and net book value of property, plant and equipment.

Property, plant and equipment, investment property, intangible assets and goodwill are reviewed for impairment whenever events or changes in the circumstances indicate that the carrying amount of an asset may not be recoverable. Goodwill is also tested on an annual basis at the end of each fiscal year. Estimates are made in the assessment of any impairment calculation which are described more fully in the accounting policy note.

ClubLink records income taxes using the balance sheet liability method of accounting. Under this method, deferred income tax assets and liabilities are determined according to differences between the carrying amounts and tax bases of the assets and liabilities. Management uses judgement and estimates in determining the appropriate rates and amounts to record for future taxes, giving consideration to timing and probability. Previously recorded tax assets and liabilities are remeasured using tax rates in effect when these differences are expected to reverse in accordance with enacted laws or those substantively enacted as at the date of the financial statements.

(D) Seasonality

Due to the seasonal nature of both the golf club and resort operations and rail, tourism and port operations segments in which the Company currently operates, the second and third quarters of the fiscal year account for, and are expected to account for, a greater portion of revenue and earnings than do the first and fourth quarters of each fiscal year. This seasonal pattern may cause the Company's operating revenue and net operating income to vary significantly from quarter to quarter. Due to this seasonality, a condensed consolidated balance sheet without notes as at June 30, 2010 has been presented for comparative purposes.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

3. Accounting Policies and Basis of Presentation (cont'd)

(E) Accounting policies

The following are the accounting policies chosen under IFRS:

Scope of consolidation

The financial statements of ClubLink, as the parent company, include the accounts of all entities that are controlled directly or indirectly by the Company. This includes the following wholly-owned major operating subsidiaries: ClubLink Corporation ULC, ClubLink US Corporation and the White Pass & Yukon Canada, Inc. group of companies and their respective subsidiaries. Control is achieved when the Company has the power to govern the financial operating policies of an entity so as to obtain benefits from its activities. Intercompany transactions between subsidiaries are eliminated on consolidation.

Accounts receivable/Mortgages and loans receivable

Amounts are recorded at invoiced amounts less an allowance for doubtful accounts. In assessing the allowance, consideration is given to the financial solvency of specific customers and performing an evaluation of the remaining receivables according to their default risk primarily based on the age of the receivable and historical loss experience. Account balances are charged off against the allowance after all collection efforts have been exhausted and the likelihood of recovery is considered remote. Recoveries are credited back to the allowance account.

Inventories

Inventories are stated at the lower of cost and net realizable value and consist of food, beverages and merchandise. Cost of sales represents the amount of inventories expensed during the period.

(a) Golf club and resort operations

Cost of sales are determined on a weighted average basis.

(b) Rail, tourism and port operations

Cost of sales are determined on a first-in, first-out basis.

Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company is classified as investment property.

Investment property is recorded at cost less impairment. ClubLink also capitalizes interest and project development and management costs during construction of qualifying assets.

Investment property is depreciated over periods consistent with property, plant and equipment.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

3. Accounting Policies and Basis of Presentation (cont'd)

(E) Accounting policies (cont'd)

Property, plant and equipment

Property, plant and equipment ("PP&E") is recorded at cost less impairment.

PP&E include land and improvements thereto, buildings and related equipment. Operating PP&E, including assets under capital lease, are depreciated on a straight-line basis over their estimated useful lives as follows:

Land	-	Not depreciated
Buildings, structures and land improvements	-	25 - 60 years
Docks	-	40 years
Bunkers, cart paths and irrigation	-	20 years
Equipment	-	5 - 30 years

PP&E include properties under construction or held for future development. ClubLink capitalizes all direct costs relating to the development and construction of these properties. ClubLink also capitalizes interest and direct project development and management costs during construction of qualifying assets.

Materials and supplies related to the rail operations are recorded at cost, determined on a first-in, first-out basis, and are charged to expense or added to the cost of property, plant and equipment when used.

Intangible assets

Purchased intangible assets with finite useful lives are recorded at acquisition cost, amortized on a straight-line basis over their estimated useful life. All of ClubLink's intangible assets, with the exception of goodwill, have estimable useful lives and are therefore subject to amortization.

Intangible assets are amortized on a straight-line basis as follows:

Membership base	-	30 years
Brand	-	30 years
Below market rent terms	-	over the length of the lease

Business combinations and goodwill

The Company accounts for all business combinations using the acquisition method. As at the date of acquisition, the purchase price is allocated to the fair values of the assets acquired and liabilities assumed. Goodwill represents the excess of the cost of an acquired entity over the fair values assigned to the tangible and intangible assets acquired and to the fair value of liabilities assumed.

As part of the transition to IFRS, ClubLink elected not to restate prior accounting for business combinations. In respect of acquisitions prior to January 1, 2010, goodwill represents the amount recognized under Canadian GAAP.

Goodwill is the excess of the cost of the business combination over the fair value of ClubLink's share in the net assets acquired on the acquisition date. Goodwill is tested for impairment, at a minimum, annually and recorded at cost less any recognized impairment losses. The reversal of any recorded impairment is not allowed. For the purposes of the impairment test, goodwill is allocated to cash generating units within the golf club and resort operations segment. ClubLink has three cash generating units within this segment: Eastern Ontario, Montreal and Muskoka/Southern Ontario. All of the goodwill has been allocated to the Muskoka/Southern Ontario cash generating unit as this unit is expected to gain an economic advantage from the business combination that generated the goodwill.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

3. Accounting Policies and Basis of Presentation (cont'd)

(E) Accounting policies (cont'd)

Impairment of long-lived assets

The Company reviews long-lived assets, such as investment property, property, plant and equipment and acquired intangible assets for impairment, whenever events or changes in circumstances indicate that the carrying amount of an asset or group of assets may not be recoverable.

The Company assesses recoverability of these assets by comparing their carrying amount to the recoverable amount, which is the higher of value in use and fair value less costs to sell. Where the carrying amount of an asset or a group of assets exceeds its recoverable amount, the asset is considered to be impaired, and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. In the periods presented, the Company did not recognize any impairment charges on long-lived assets.

For assets excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's or group of assets' recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years.

Accounts payable, borrowings and other liabilities

Trade payables and other nonderivative financial liabilities are recognized initially at fair value and in the case of borrowings and other financial liabilities includes attributable transaction costs.

Deferred income taxes

The Company uses the balance sheet liability method of accounting for deferred income taxes. Temporary differences arising from the difference between the tax base of an asset or liability and its carrying amount on the consolidated balance sheets are used to calculate deferred income tax liabilities or assets. Deferred income tax liabilities and assets are calculated using the substantively enacted tax rates and laws that are expected to be in effect in the periods that the temporary differences are expected to reverse. The effect of changes in tax rates is included in earnings in the period which includes the substantive enactment.

Foreign currency translation

(a) Functional currency and currency translation account

The functional currency of ClubLink and its subsidiaries is the local currency. The assets and liabilities of ClubLink's foreign operations where the functional currency is not the Canadian dollar are translated using the rate of exchange at the balance sheet date, whereas revenue and expenses are translated using average exchange rates during the respective periods. The resulting foreign currency translation adjustments are included in accumulated other comprehensive loss. The accumulated balance of the foreign currency translation reserve reflects the differences since January 1, 2010, the date of transition to IFRS. When a foreign operation is disposed of, the foreign currency translation adjustment applicable to that entity is recognized in the statement of earnings.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

3. Accounting Policies and Basis of Presentation (cont'd)

(E) Accounting policies (cont'd)

Foreign currency translation (cont'd)

(b) *Local currency transactions*

Transactions in foreign currencies are translated to the respective functional currencies of the entity at exchange rates at the dates of the transactions. Monetary assets and liabilities that are denominated in foreign currencies other than the functional local currency are translated at the period-end closing rate with the resulting gains and losses reflected in the statement of earnings.

(c) *Cash flow statement*

Operating, investing and financing cash flows are translated using average exchange rates during the respective periods. The effects on cash due to fluctuations in exchange rates are shown in a separate line in the consolidated statements of cash flows.

Financial Instruments

All financial instruments are classified into one of the following five categories: held-for-trading, held to maturity, loans and receivables, available for sale financial assets, or other financial liabilities. Initial and subsequent measurement and recognition of changes in the value of financial instruments depend on their initial classification.

- (a) Held to maturity investments, loans and receivables, and other financial liabilities are initially measured at fair value and subsequently measured at amortized cost. Amortization of premiums or discounts and transaction costs are amortized into net earnings, using the effective interest method.
- (b) Available for sale financial assets are measured at fair value, with unrealized gains and losses recorded in accumulated other comprehensive earnings until the asset is realized, at which time they will be recorded in net earnings.
- (c) Held-for-trading financial instruments are measured at fair value. All gains and losses resulting from changes in fair value are included in net earnings in the period in which they arise.

The following is a summary of the accounting model the Company applies to each of its significant categories of financial instruments:

<u>Balance Sheet Classification</u>	<u>Financial Instrument Designation</u>
Accounts receivable	Loans and receivables
Mortgages and loans receivable	Loans and receivables
Accounts payable and accrued liabilities	Other financial liabilities
Borrowings and other financial liabilities	Other financial liabilities

Transaction costs related to the Company's financial liabilities are netted against the related liability and are expensed using the effective interest method.

All financial assets are tested for impairment. At each balance sheet date the Company assesses whether there is objective evidence that financial assets not carried at fair value through profit or loss are impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred if there is objective evidence of impairment as a result of one or more events occurring after the initial recognition of the asset, and if that event will have an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably measured.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

3. Accounting Policies and Basis of Presentation (cont'd)

(E) Accounting policies (cont'd)

Financial Instruments (cont'd)

An impairment loss is reported as a write off, if it is deemed impossible to collect the contractual amounts due that have not been paid and/or expected to remain unpaid, or if it is deemed impossible to recover the acquisition cost by selling any collateral provided. In other cases, a specific provision is recorded in an allowance account. As soon as the non-collectible amount can be determined and the asset is written off, the amount reported in the allowance account is dissolved. Similarly, the provision in the allowance account is reversed if the estimated recovery value exceeds the carrying amount.

The fair value of financial instruments that are not quoted in an active market is determined by applying various valuation techniques with maximum use of observable market inputs. The valuation techniques used are discounted cash flows, option pricing models, valuations with reference to recent transactions in the same instrument and valuation with reference to other financial instruments that are substantially the same.

Treasury stock

Repurchased common shares are recorded at acquisition cost and are presented as a deduction from shareholder's equity. On retirement of treasury shares, any excess over the calculated average issue price is charged to retained earnings.

Share-based compensation

Share-based compensation represents equity-settled awards. Equity-settled awards are measured at grant-date fair value and are not subsequently remeasured. The grant-date fair value is recognized over the period in which the employees become unconditionally entitled to the options with a corresponding increase in contributed surplus. The fair values are determined by using a Black-Scholes option-pricing model. In the periods presented, no stock options have been issued nor any share-based compensation expense has been recorded.

Revenue recognition

Golf club and resort operations revenue includes annual dues (recognized on a calendar year basis as earned) and sales to members and customers of green fees, cart rentals, food and beverage, merchandise and room rentals which are all recognized when the service is provided. Membership fee revenue is amortized on a straight-line basis over the estimated weighted average remaining life of a membership by year joined.

Rail, tourism and port operations revenue is recognized as earned when these services are provided.

Non-monetary transactions

The Company records non-monetary transactions at the fair value of the assets or services exchanged unless the exchange transaction lacks commercial substance or the fair value of neither the asset received nor the asset given up is reliably measurable.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

3. Accounting Policies and Basis of Presentation (cont'd)

(E) Accounting policies (cont'd)

Multi-employer pension plan

The rail, tourism and port operations participate in various multi-employer benefit plans, on a contributory and non-contributory basis, depending on the plan.

Multi-employer plans can be classified as either defined contribution or defined benefit plans, depending on the terms and conditions applicable to the plan (and any constructive obligation beyond the formal terms and conditions of the plan). In the absence of any regulations governing the calculation of the share of the underlying financial position and the performance attributable to each participating employer, and in the absence of a contractual agreement between the plan and the participants of the financing of any shortfall (or distribution of any surplus), these multi-employer plans are treated by the Company as defined contribution plans in accordance with IAS 19 "Employee Benefits".

Lease payments

The Company is a lessee of property, plant, and equipment, mainly leased golf clubs and tidelands, under operating leases that do not transfer the substantive risks and rewards of ownership. Rent expense on operating leases is recognized on a straight-line basis over the life of the lease including renewal terms, if at inception of the lease, renewal is reasonably assured.

Assets held under finance leases are initially recognized as assets of the Company at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability of the lessor is included in the consolidated balance sheet under borrowings and other financial liabilities.

Earnings per share

Basic earnings per share is calculated by dividing net earnings (loss) by the weighted average number of common shares outstanding during the reporting period. Diluted earnings per share is calculated using the treasury stock method. Under this method, proceeds that could be obtained upon exercise of options, if dilutive, are assumed to be used to purchase common shares at the average market price during the period.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements

(Unaudited)

4. Business Combinations

2010 Acquisitions

On September 3, 2010, ClubLink acquired certain assets and specified liabilities of eight 18-hole golf courses located in Sun City Center, Florida for cash consideration of US \$8,700,000. On October 21, 2010, ClubLink acquired Heron Bay Golf Club (an 18-hole facility) in Coral Springs, Florida for cash consideration of US \$2,900,000. These acquisitions are part of a strategy to extend the ClubLink model to the Florida marketplace and management believes it will add value to our existing membership base.

On December 15, 2010, ClubLink announced the acquisition of Glendale Golf and Country Club in Hamilton, Ontario for \$3,154,000 less mortgages assumed of \$2,183,000 for a net cash outlay of \$971,000. This acquisition will complement ClubLink's existing properties in the Greater Toronto Area cluster.

The following table summarizes the estimated fair value of the assets and liabilities acquired as part of these acquisitions.

(thousands of dollars)	Sun City	Heron Bay	Glendale	Total
Land	\$ 3,663	\$ 1,096	\$ 1,640	\$ 6,399
Buildings	2,110	654	500	3,264
Roads, cart paths and irrigation	1,500	1,050	100	2,650
Equipment	895	100	444	1,439
Membership base (intangible asset)	981	-	470	1,451
Purchase price - base currency	9,149	2,900	3,154	15,203
Secured debt assumed	-	-	(2,183)	(2,183)
Liabilities assumed	(449)	-	-	(449)
Cash purchase price - base currency	8,700	2,900	971	12,571
Exchange	370	83	-	453
Cash purchase price - Cdn dollars	\$ 9,070	\$ 2,983	\$ 971	\$ 13,024

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

4. Business Combinations (cont'd)

2011 Acquisition

On April 21, 2011, ClubLink acquired Woodlands Country Club in Tamarac, Florida for US\$5,096,000. Woodlands is a 36-hole championship golf club. This acquisition is the continuation of a strategy implemented in 2010 to extend the ClubLink model to the Florida marketplace. Management also believes it will add value to our existing membership base.

The operations of the acquisition have been included in the Statement of Earnings from the date of acquisition and is summarized below:

(thousands of dollars)	
Revenue	\$ 488
Cost of sales	68
Operating costs	602
Net operating loss	(182)
Depreciation	(24)
Business combination transaction costs	(113)
Future income tax recovery	113
Net loss	\$ (206)

It is impractical to estimate the revenue and net income of the combined entity for the year as though the acquisition date for the acquisition was January 1, 2011 as ClubLink does not have access to reliable historical information for the properties and such historical information would not reflect the planned integration and management's operational changes.

The following table summarizes the estimated fair value of the assets and liabilities acquired:

(thousands of dollars)		Total
Land	\$	1,359
Buildings		1,960
Roads, cart paths and irrigation		1,050
Equipment		557
Membership base (intangible asset)		170
Purchase price - base currency		5,096
Liabilities assumed		(863)
Cash purchase price - base currency		4,233
Exchange		(196)
Cash purchase price - Cdn dollars	\$	4,037

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011

5. Mortgages and Loans Receivable

Mortgages and loans receivable consist of the following:

(thousands of Canadian dollars)		June 30, 2011		December 31, 2010
Officer loans	\$	4,420	\$	4,426
Vendor take-back mortgages and other loans		1,311		1,379
		5,731		5,805
Less: current portion		222		61
	\$	5,509	\$	5,744

The officer loans bear interest at a market rate determined by the Compensation Committee of the Board of Directors of the Company which is 3.0% per annum (2010 – 2.25%), have maturities from June 30, 2013 to January 29, 2019 and were incurred to purchase common shares of a subsidiary that have subsequently been exchanged for common shares of the Company. The Company has indicated its intention to enforce the payment terms of these loans in the event of a decline in market value of the shares. The common shares financed by these loans, which are being held by the Company as collateral and had a market value of \$4,099,000 at June 30, 2011 (December 31, 2010 - \$3,853,000).

6. Investment Property

Investment property consists of the following:

(thousands of Canadian dollars)		Golf Club and Resort Operations		Rail, Tourism and Port Operations		Total
Cost						
At January 1, 2010	\$	13,362	\$	1,985	\$	15,347

Goodwill relates to the acquisition of ClubLink Corporation by ClubLink Enterprises Limited. Goodwill is not amortized, but tested annually for impairment in the fourth quarter in conjunction with the Company's planning for the following year with the recoverable amount being determined from value in use calculations. The key assumptions for the value in use calculations are those regarding the discount rate, growth rates and changes in revenue and costs. Value in use is calculated as the present value of future cash flows.

As at the transition date of December 31, 2010, the Company performed impairment testing on goodwill in accordance with the Company's accounting policy and identified no impairment.

	\$ 311,804	\$ 331,917

(a) The rail, tourism and port operations maintain a secured revolving operating line of credit with a U.S. financial institution in the maximum amount of US \$10,000,000 which is payable on demand. The next renewal date is July 1, 2012. This loan bears interest at LIBOR plus 215 basis points or 2.34% (December 31, 2010 – 2.41%) to June 30, 2011. The maximum amount of this facility upon renewal has been increased to US \$15,000,000 which bears interest at LIBOR plus 200 basis points.

(b) As at June 30, 2011 there are \$1,764,000 (December 31, 2010 – \$1,841,000) in letters of credit outstanding and there is availability of \$16,616,000 (December 31, 2010 – \$5,217,000) under this facility. This is a revolving operating line of credit with a two year term and provisions for annual one-year extensions.

(c) The term loan is due to a U.S. financial institution and is denominated in US dollars. It bears interest at LIBOR plus 300 basis points or 3.19% (December 31, 2010 – 3.26%). It is repayable by fixed monthly principal payments in the amount of US \$238,000 plus interest.

(Unaudited)

10. Borrowings and Other Financial Liabilities (cont'd)

Borrowings and other financial liabilities are collateralized by certain property, plant and equipment assets (note 7).

Minimum principal debt repayments are as follows:

(thousands of Canadian dollars)	Revolving Maturities	Mortgage and Term Loan Amortization Payments	Mortgage and Term Loan Maturities	Finance Lease Obligations	Total Obligations
Balance of 2011	\$ -	\$ 7,602	\$ -	\$ 2,550	\$ 10,152
2012	5,231	15,890	547	3,179	24,847
2013	31,620	16,864	960	2,261	51,705
2014	-	17,911	520	1,067	19,498
2015	-	19,036	-	811	19,847
2016 and thereafter	-	204,680	8,526	426	213,632
	\$ 36,851	\$ 281,983	\$ 10,553	\$ 10,294	\$ 339,681

Future minimum finance lease obligation payments are as follows:

(thousands of Canadian dollars)	Maturities	Amortization	Finance Lease Obligations	Interest	Total Minimum Lease Payments
Balance of 2011	\$ 439	\$ 2,111	\$ 2,550	\$ 251	\$ 2,801
2012	117	3,062	3,179	323	3,502
2013	501	1,760	2,261	191	2,452
2014	-	1,067	1,067	83	1,150
2015	-	811	811	38	849

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

11. Deferred Membership Fees (cont'd)

The following table estimates future cash flows and revenue recognition based on the collection of future membership fee instalments outstanding on June 30, 2011, net of an allowance for resignations and terminations. The estimated collection of future membership fee instalments, amortization of unamortized membership fees and the estimated deferred membership fees, assuming no further memberships are sold is as follows:

(thousands of Canadian dollars)	Estimated collection of future membership fee instalments		Amortization of unamortized membership fees		Estimated deferred membership fees at period-end
Balance, June 30, 2011				\$	54,308
Balance of 2011	\$	3,729	\$	7,807	50,230
2012		6,482		15,667	41,045
2013		5,495		15,667	30,873
2014		4,649		11,573	23,949
2015		3,752		8,939	18,762
2016 and thereafter		11,468		30,230	-
	\$	35,575	\$	89,883	

Membership fees are amortized over the estimated weighted average remaining life of memberships purchased each year. This is determined by subtracting the average age of Canadian golf club members that joined in that year from 70 (United States – 80) and dividing the result by 2. The amortization period is reviewed annually and any adjustments are made prospectively.

12. Share Capital

(A) Authorized and issued share capital

The authorized share capital is an unlimited number of common shares and preferred shares. As at June 30, 2011, there are 27,806,748 common shares outstanding. As at June 30, 2011, no preferred shares have been issued.

(B) Dividends

On March 1, 2011, ClubLink announced an eligible dividend of 7.5 cents per common share which was paid on March 31, 2011 to shareholders of record as at March 15, 2011.

On May 11, 2011, ClubLink announced an eligible dividend of 7.5 cents per common share which was paid on June 15, 2011 to shareholders of record as at June 1, 2011.

(C) Shares repurchased and cancelled

The Company has been approved by the Toronto Stock Exchange for a normal course issuer bid to purchase up to 1,395,000 of its common shares which will expire on September 19, 2011. For the year ended December 31, 2010, the Company repurchased for cancellation 8,700 common shares for a total purchase price of \$59,000 or \$6.78 per common share, including commissions. During the six month period ended June 30, 2011, the Company repurchased for cancellation 160,100 common shares for a total purchase price of \$1,110,000 or \$6.93 per common share, including commissions.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

12. Share Capital (cont'd)

(C) Shares repurchased and cancelled (cont'd)

In recording the repurchase and cancellation of shares, share capital is reduced by the weighted average issue price of the outstanding common shares with the differential to the purchase price being credited or charged to contributed surplus. After contributed surplus has been reduced to nil, any differential is credited or charged to retained earnings.

(D) Stock options

The Company has a stock option plan open to directors, officers, full-time employees and consultants of the Company. Under this plan, the Company may grant total options to a maximum of 10% of the issued and outstanding common shares of the Company on a non-diluted basis. Under the plan, the exercise price equals the market price of the Company's stock on the day prior to the date of grant and an option's maximum term is ten years. Options generally vest over a four-year period.

A summary of the Company's stock option plan is presented below:

	For the 6 Months Ended June 30, 2011		For the Year Ended December 31, 2010	
	Number of Options	Weighted Average Exercise Price \$	Number of Options	Weighted Average Exercise Price \$
Outstanding, beginning of period	418,500	\$ 6.51	474,150	\$ 6.56
Issued	-	-	-	-
Exercised	(62,500)	4.06	-	-
Cancelled or expired	(15,000)	7.25	(55,650)	6.90
Outstanding, end of period	341,000	\$ 6.93	418,500	\$ 6.51
Available for grant at period end	1,884,500		1,869,500	

As at June 30, 2011, the outstanding and exercisable stock options have the following terms:

Options Outstanding	Exercise Price \$	Expiry Date
44,000	5.15	2011
11,000	6.05	2011
11,000	7.00	2012
25,000	7.25	2013
250,000	7.25	2014
341,000	6.93	

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

12. Share Capital (cont'd)

(D) Stock options (cont'd)

As at December 31, 2010, the outstanding and exercisable stock options had the following terms:

Options Outstanding	Exercise Price \$	Expiry Date
62,500	4.06	2011
44,000	5.15	2011
11,000	6.05	2011
15,000	7.25	2011
11,000	7.00	2012
25,000	7.25	2013
250,000	7.25	2014
418,500	6.51	

(E) Earnings per share

The dilutive effect of outstanding stock options per share is based on the application of the treasury stock method. Under this method, the proceeds from the exercise of such securities are assumed to be used to purchase common shares of ClubLink Enterprises. Based on this approach, the effect of stock options on the weighted average common shares on the six month periods is as follows:

(in thousands of common shares)	For the 6 Months Ended June 30, 2011	June 30, 2010
Weighted average common shares outstanding – basic	27,906	28,042
Effect of stock options	12	29
Weighted average common shares outstanding – diluted	27,918	28,071

13. Operating Expenses

Operating expenses consists of the following:

(thousands of Canadian dollars)	For the 3 Months Ended		For the 6 Months Ended	
	June 30, 2011	June 30, 2010	June 30, 2011	June 30, 2010
Operating costs	\$ 40,462	\$ 36,230	\$ 58,339	\$ 51,101

16. Related Party Transactions

The immediate parent and controlling party of the Company is Paros Enterprises Limited ("Paros") and its affiliate – S.N.A. Management Limited. These companies are privately owned companies whose sole shareholder is the Chairman and Chief Executive Officer of the Company.

The Company receives managerial and consulting services from Morguard Corporation ("Morguard"). The Chairman and Chief Executive Officer of the Company is a significant shareholder of Morguard. The Company paid a management fee of \$120,000 for the six months ended June 30, 2011 (June 30, 2010 - \$120,000), under a contractual agreement, which is included in operating expenses.

The Company has provided an unsecured revolving demand credit facility to Paros in the amount of \$5,000,000, with no fixed maturity date. During the year ended December 31, 2010, \$5,000,000 was outstanding under this facility and was repaid during 2010. This facility bears interest at prime plus 1%. Interest earned during the six months ended June 30, 2011 amounted to nil (June 30, 2010 – \$81,000).

Paros has provided an unsecured revolving demand credit facility to ClubLink in the amount of \$5,000,000 with no fixed maturity date. During the six months ended June 30, 2011 and the year ended December 31, 2010, there were no advances or repayments under this facility. This facility bears interest at prime plus 1%. Interest incurred for the six months ended June 30, 2011 amounted to nil (June 30, 2010 - nil).

The Company has provided an unsecured revolving demand credit facility to Morguard in the amount of \$30,000,000, with no fixed maturity date. The facility bears interest at ClubLink's short-term borrowing rate plus 10 basis points. During the six months ended June 30, 2011 and the year ended December 31, 2010 there were no advances or repayments under this facility.

Morguard has provided an unsecured revolving demand credit facility to ClubLink in the amount of \$30,000,000 with no fixed maturity date. A maximum amount of \$4,000,000 was outstanding on this facility during the six months ended June 30, 2011, but was repaid prior to the end of the quarter. This facility bears interest at Morguard's short-term borrowing rate plus 10 basis points. Interest incurred for the six months ended June 30, 2011 amounted to \$13,000 (June 30, 2010 - \$199,000). There was \$28,400,000 outstanding on this facility as of December 31, 2009 which was repaid during the first quarter of 2010.

As at June 30, 2011, \$187,000 (December 31, 2010 - \$188,000) in vendor take-back mortgages was outstanding relating to sales of Lakeside at Rocky Crest fractions to employees of ClubLink at a 6.84% (2010 – 6.84%) interest rate.

All related party transactions were made in the ordinary course of business and on substantially the same terms including interest rates and security as for comparable transactions with parties of a similar standing.

17. Segmented Information

ClubLink's reportable segments are strategic business units that offer different services and/or products. They are managed separately because each segment requires different strategies and involve different aspects of management expertise.

ClubLink operates in two distinct business segments: (a) golf club and resort operations and (b) rail, tourism and port operations. In addition, the corporate operations segment oversees the two business segments.

ClubLink is engaged in golf club and resort operations under the trademark "ClubLink One Membership More Golf". ClubLink is Canada's largest owner and operator of golf clubs with 50.5, 18-hole equivalent championship and six 18-hole equivalent academy courses, at 42 locations primarily in Ontario, Quebec and Florida.

ClubLink Enterprises Limited
Notes to Interim Condensed Consolidated Financial Statements
June 30, 2011
(Unaudited)

17. Segmented Information (cont'd)

ClubLink is also engaged in rail, tourism and port operations based in Skagway, Alaska which operate under the trade name of "White Pass & Yukon Route". This includes a tourist railway stretching approximately 177 kilometres (110 miles) from Skagway, Alaska through British Columbia to Whitehorse, Yukon. Presently, approximately 110 kilometres (67.5 miles) of the railway is in active service.

The accounting policies of the segments are the same as those described in the summary of significant accounting policies. Any inter-segment transfers are recorded at cost.

Geographical information is not separately presented due to the fact that the industry segments operate in separate and distinct geographical segments on their own with the exception of the Florida golf club and resort operations. The results of operations for Florida have not been presented as a geographic segment as they represent less than 10% of the amounts for the golf club and resort operations segment on an annual basis.

19. Contingencies

From time to time, ClubLink and certain of its subsidiaries, employees, officers and/or directors are defendants in a number of legal actions arising in the ordinary course of operations. In the opinion of management, it is expected that the ultimate resolution of such pending legal proceedings will not have a material effect on ClubLink's consolidated financial position.
